

Chance and Honor Booking Activity

(Tandy's simplified version 4-12-13)

Here's a simple booking activity that really works! Take 10 bright colored envelopes, small zebra print bags, or mini purses from Premier incentives and put a note with the words: **"LET'S PARTY"** in 6 or 7 and the word **"GOODY"** in 3-4. When it's time for the booking activity (after you've explained the hostess plan), say..."Ladies, now it's time to play a game. I have a brand new game called "Chance and Honor", here's how it goes...

- "I have several bags with a note inside that say **"Goody"** and if you play the game and pick that one, you will get to take home one of my GOODIES (explain what you are giving away, ex... I use the ribbon necklaces, polishing cloth, or it could be the mini purse itself)- you don't have to do a single thing to take it home with you, it's simply my gift to you for coming and playing our game. The other bags (or purses) have **"Let's Party"** inside and if you're lucky enough to get one of those, that means you will get the bigger prize...(explain that prize, ex. Premier charm bracelet, tennis bracelet, pashmina, or jewelry – botanical, daisy earrings, etc...) and all the free & ½ price jewelry Premier gives our hostesses, you get me, and your fav girl-friends over to play in the jewelry". Then lower your voice and add: **"Ladies, one of the purses has an EXTRA GIFT which is marked with a star on the label for something extra special!!!! **Now remember, it is a game of chance, and it is also a game of honor, meaning if you get a "Let's Party", I am asking that you please honor what is in your purse. Any questions? I am currently booking for April, May, and June!!** Now Raise your bags high in the air and when I countdown, 5,4,3,2,1 Open your bags!!!!
- You can play this several ways... handout the envelopes or purse at the beginning of the show and tell them to hold on until its game time. No peeking!!!!
- Or, play as "pass or play" and walk around the guest with the envelopes fanned out and let them pick which one to take.
